**2019 changes (Each required course must support at least one key objective for the major with an A or an X)**

1. Addition of two new courses in 2019; BIB 132 and 133. These introduce the historical content of OT and NT books (SLI Bib Conc, Obj 1)

2. CED 123, CMS 442, THE 313, CMS 462, CMS 452, and BLN 213, 233, 303, 343 previously were not listed in the chart as introducing or assessing any objectives. These have been adjusted and noted in the new chart.
3. Removed SLI Obj 4 from THE 373. Inductive Bible studies and/or expositional sermons are not introduced or assessed in this course.
4. Removed SLI Objs 3 and 4 from THE 343 for similar reasons as listed in #3.
5. Removed the Assessment tag from CMS 383. It makes more sense to say this course falls under the “practiced” rather than assessed designation.
