

Final Exam Schedule

All semester examinations are to be given in accordance with the schedule shown below. The final exam schedule has been created to avoid conflicting exams.

Students who have three final examinations scheduled for the same day may get one of the examinations changed to another day. The request to change the examination time should be made to the instructor **at least one week prior to the beginning date of final examinations**. Under normal conditions the examination in the middle time period will be the one changed. If necessary, final determination regarding moving an exam will be made by the Office of Academic Administration. Exams will not be moved due to travel plans.
