Hannibal-LaGrange University is a Christian institution of higher education whose desire is to glorify God in all things. As a distinctively Christian university, HLGU seeks to provide an environment that best promotes and fosters the personal and spiritual development of every student. Each student who enrolls at HLGU assumes an obligation to conduct themselves in a manner that is compatible with both the Christian faith as well as the goals and purposes of Hannibal-LaGrange University and the policies and guidelines that govern it.

HLGU is committed to promoting and practicing Biblical truths in pursuit of personal and academic excellence within a holistic environment. The policies and guidelines found in this handbook are meant to help students positively shape their experience and develop a Christ centered life at HLGU. The policies and guidelines are based on the four truths below.

- 1. You are highly valued in His eyes.** It is important to understand that you are highly valued by both God and the HLGU community. Genesis 1:27 clearly maintains that you are created in the image of God, thus providing inherent value and worth. For this reason, the institution appreciates various cultural backgrounds and perspectives. With this in mind the institution has placed policies in place to ensure that all people are treated as valuable and precious in the sight of God. The institution believes the following policies will help create an atmosphere in which people will be able to understand and experience this sense of value.
- 2. You have great potential for service.** We as an institution recognize that God has a very specific and important plan for your life. Because of this you have great potential. It is our job to help you realize your potential and bring it to fruition. We want to help you become more conformed into the image of Christ (Romans 8:29). Because potential is worthless unless it is lived up to self-discipline is an important part of the HLGU experience.
- 3. You have a high calling for His kingdom.** Over and over in Scripture God displays His consistency. He says, "I the Lord do not change" (Malachi 3:6). God also expresses His displeasure in people who are deceitful. Jesus confronts the Pharisees on a regular basis for their hypocrisy (Matthew 23). Because we as an institution want to see you grow in your spiritual maturity we want you to be consistent and full of integrity. These policies seek to help you grow in your integrity as you recognize God's call on your life.
- 4. You are to be a person of honor for His glory.** Being a person of honor implies that you are a good steward of the things that the Lord has blessed you with. We believe that the Lord has blessed us with great facilities, people, and opportunity. For this reason, we want to do the very best we can with them to bring Him glory and honor. As Jesus reminds us in the Parable of the Talents, we should be wise with God's blessing. The following policies are the institutions way of making sure that we are being good stewards of what we have been blessed with.

By accepting admission to Hannibal-LaGrange University, each student assumes responsibility to abide by the rules and standards of conduct of the University as well as by all city, state, and federal laws.

HONOR CODE POLICY

Hannibal-LaGrange University is a biblically based Christian institution; therefore, those associated with the University are expected to behave in such a way as to demonstrate integrity both personally and academically. Included among HLGU's purpose statements is the following: "To maintain high standards of academic and personal excellence in a biblically based Christian environment, thus encouraging the highest development of the total person intellectually, physically, socially, and spiritually." The foundational premise for every aspect of the University's life and work is based upon Col. 1:18, "That in all things Christ might have the preeminence" meaning in all things Christ needs to be the center.

HONOR CODE STATEMENT

Hannibal-LaGrange University values academic excellence, and therefore entrusts the University community with the responsibility to uphold certain ethical principles as they relate to truth, fairness, integrity, and honesty in the academic setting. Students agree to uphold and support the University's Honor Code by enrolling.

As members of the Hannibal-LaGrange University community, students pledge to demonstrate respect for the University's mission and purpose. Each student's continuation at Hannibal-LaGrange University is contingent upon his or her living within the honor code. All departments and academic disciplines at Hannibal-LaGrange University support and uphold the honor code. However, certain departments or academic disciplines implement their own academic policies in addition to the honor code. Instructors may incorporate stricter policies as part of their individual class requirements as well.

HONOR CODE PLEDGE

"As a student enrolled in Hannibal-LaGrange University,

I pledge to uphold the principles set forth in the school's Honor Code.

I pledge to act with honesty and integrity inside and outside the classroom, showing personal dignity and respect for the rights and freedoms of others at all times in both word and deed.

I pledge to work hard, giving my best efforts to represent my own work in all class requirements, and encouraging others to do the same.

I pledge never to misrepresent my work nor give or receive unauthorized assistance.

I pledge to participate when required in the University's Student Learning Improvement activities, giving honest and sincere efforts to represent accurately my knowledge and skills.

I pledge to maintain academic integrity, and to act honestly, responsibly, and with honor in all areas of campus life, helping to make

my college experience one in which I can take pride.

I accept responsibility to maintain this Honor Code on and off campus at all times."

ACADEMIC INTEGRITY

Faculty members have a responsibility to evaluate student progress in learning and to evaluate student work for assigning course credit. Academic integrity on the part of the student requires an honest effort on all assignments, exams, presentations, products, and performances that are part of graded course elements.

Through its Outcomes Assessment Program, the University measures student learning in order to improve instruction. Student cooperation and honest effort on assessment activities are vital to the effectiveness of the Outcomes Assessment Program. By giving an honest effort on surveys, exams, or other activities that are used for assessment purposes, students contribute in meaningful ways to the integrity and value of their education.

CHEATING

Cheating may be defined as using for oneself or sharing with others any unauthorized resources for assignments or tests. Cheating includes, but is not limited to, such things as sharing with other students' information that will give those students an unfair advantage on a test; copying from another student's test; possessing or using any unauthorized resources during a test; sharing work on an assignment when it is not allowed; text messaging for tests or in-class assignments; and using the same assignment for two or more classes.

PLAGIARISM

In academic writing such as essays, reports, and research papers, students are required to make use of ideas and information written by others. Using or referring to the work of others must be done with academic integrity by carefully documenting the source of all material not original with the student. Plagiarism refers to using another person's ideas or work without acknowledgment or credit and thus, presenting them as if they were one's own. Plagiarism includes, but is not limited to, such things as failure to use quotation marks when using another person's exact wordage (written or spoken); failure to footnote one's own paraphrase of another person's wordage (written or spoken); copying material from the Internet and claiming that as one's own; and obtaining another person's paper or assignment and submitting that as one's own work. Academic conventions specify the ways others' works and ideas are to be cited, and students are to engage diligently in learning and using those conventions. Hannibal-LaGrange University's curriculum includes instruction in the principal styles of academic writing, including MLA (Modern Language Association), APA (American Psychological Association), Turabian, Chicago Manual of Style, and CSE (Council of Science Editors).

STUDENT RESPONSIBILITIES

1. Students are responsible for upholding the honor code in all aspects of their academic pursuits at HLGU.
2. Students are responsible for acquainting themselves fully with HLGU's honor code. Ignorance is not considered to be a valid excuse for violating the honor code.
3. Students are responsible for understanding the expectations of their instructors for class assignments and seeking further clarification if the expectations are not clear.
4. Students are responsible for understanding what constitutes plagiarism and cheating and to refrain from partaking in such activities.
5. Students are to submit their work and their work only for class assignments.
6. Students are not to hinder others in their academic pursuit by depriving them of resources or sabotaging their work.
7. Students are to cooperate with outcomes assessment activities, giving honest and sincere effort to represent accurately their knowledge and skills.
8. Students are encouraged to report a fellow student's violation of the honor code.

CONSEQUENCES FOR HONOR CODE VIOLATIONS

1. The penalty for cheating on any assignment or exam is a grade of "0" for that work.
2. Penalties for plagiarism should match the level of the offense. For submitting a paper that was mostly or entirely written by someone else, the penalty is a grade of "0," and the offense is to be reported to the academic administration office. When a paper is submitted that has incomplete or incorrect documentation of others' works, the instructor should grade the paper according to whatever standards have been set forth for the assignment and guide the student in correct documentation. In such cases, no report needs to be filed.
3. A second offense in the same course will result in failing the course.

4. A student who assists another student to cheat in the same course will be penalized with a grade of "0" for the assignment.
5. If a student assists another student or students to cheat in a course in which he or she is not enrolled, that student will be subject to a minimum penalty of disciplinary probation or a maximum penalty of dismissal.
6. Offenses will be reported to the academic affairs office. Upon a second reported offense of any kind, the student will be placed on academic probation for the subsequent semester. Upon a third offense, the student will be dismissed from the University.
7. Students may appeal a penalty by requesting a hearing before the division chair. A written report of the hearing and decision will be filed with the vice president for academic administration. Students or faculty members involved can appeal the division chair's decision by requesting a hearing before the vice president for academic administration.

*It should be noted that to receive a "0" on a major assignment or exam in most courses will affect the student's grade for the course.

CAMPUS MINISTRY AND MISSIONS

1. Experience spiritual growth and a profound love for God.

A. Through weekly Chapel Services

We believe that chapel is a vital component to spiritual growth and the HLGU experience. Its purpose is to develop the whole person by providing a shared sense of community through worship, spiritual encouragement, and educational enrichment. Chapel consist of student led worship and each week will feature distinguished speakers and guests who will offer challenging and engaging messages. Chapel is designed to foster a positive atmosphere of spiritual life on campus. We believe that students should view chapel service as supplement for their spiritual growth and is not intended to take the place of church attendance.

B. By assisting in the development and practice of personal spiritual disciplines

HLGU Campus Ministry also seeks to help students in developing and practicing spiritual disciplines by leading them in various Bible studies, book studies, worship, and organized prayer. One of the ways students can develop their spiritual life on campus is by joining one of our many Core Groups, which will allow for a more in-depth biblical study, topical study, and thoughtful discussion among their peers. In addition to the weekly chapel services, HLGU Campus ministry will also help in facilitating various worship nights, such as Ignite the Fire which is held once a month.

C. By connecting with the local church (local church integration)

We believe that the Bible calls us to be committed to a local church congregation and therefore essential for Christian living. As such, HLGU Campus ministry seeks to help in spiritual growth by connecting students with local church leaders and pastors. We encourage local churches to provide spiritual guidance, accountability, and intentionally invest in the lives of students. For information on local churches contact the office of campus ministry and missions at (573) 629-3026

2. Engage in Christian Community and Service.

A. Core Groups

HLGU Core Groups meet once a week for about an hour and are led by upper classmen who are passionate campus ministry. Core Groups are designed to provide a personal setting for students to intentionally meet so that they might spiritual grow through studies, prayer, and community engagement. Core Groups give students an opportunity to study topics more in-depth while also establishing relationships through shared experiences. For information about joining a Core group please call the office of campus ministry and missions at (573)629-3026.

B. Local, Domestic, and Global Missions (HLGU GO)

HLGU Campus ministry helps students engage in service by coordinating local, domestic, and global ministry projects and missions. Campus ministry is dedicated to equipping students and mobilizing them to serve. Through HLGU missions, students can expect to broaden their perspectives and further their spiritual development. Our ultimate goal is to provide our students with opportunities to use the knowledge they have gained through their academic pursuit to serve others.

3. Exemplify Christ through godly character and conduct.

We believe that the mark of the Christian life is to be conformed to the image of Christ. By experiencing spiritual growth and engaging with Christian community and service, we want to encourage students to exemplify Christ by:

Living with integrity in all things

That students would live life with all sincerity, reliability, and honesty (Proverbs 10:9).

Loving others as yourself (Philippians 2:3-4)

That students would desire and pursue the highest good for their fellow man.

And above all, glorify God (Philippians 4:8)

That students would exalt God through excellence in effort.

CHAPEL

Chapel at Hannibal-LaGrange University is a time for personal, corporate, and spiritual reflection. It serves as a reminder for students, staff, faculty and administration of our central purpose at HLGU. It is also a time that we offer our services, worship and attention to our Lord and seek Him as He expects and Commands.

The purpose of chapel is to provide a forum for corporate worship, spiritual encouragement, and educational and cultural enrichment for the HLGU family. Chapel is designed to foster a positive atmosphere of spiritual life on campus but is not intended to serve as a substitute for church attendance or affiliation. Distinguished visitors, speakers, musicians, and other outstanding individuals are invited for these programs, which will convene at 11 a.m. every Wednesday in the Roland Fine Arts Center, Parker Theatre. See the chapel schedule, available on the website (www.hlg.edu) at the beginning of each semester, for scheduled speakers.

Chapel attendance is recorded by scanning student ID cards as students enter the Parker Theater. In the event that the card reader is not reading a student's ID, the student may present their card to have their number written down prior to entering the theatre. This occurrence should be rare and the student should have their card replaced immediately. HLGU POLICY ON SEX, SEXUALITY, AND GENDER IDENTITY

This policy is intended to address transsexualism, transgenderism, and related gender identity issues. HLGU's policy regarding sex, sexuality and gender identity is grounded in our longstanding institutional religious identity. This identity, in turn, is grounded in the teachings of the Bible as understood in the University's confessional commitments and the *Baptist Faith & Message 2000*. We affirm that God's original and ongoing intent and action is the creation of humanity manifest as two distinct sexes, male and female. We also recognize that due to sin and human brokenness, our experiential perception of our sex and gender is not always that which God the Creator originally designed, and yet affirm further God's capacity to heal and transform our brokenness in keeping with His purposes and will.

With this foundational understanding of creation, fall, and redemption, we do not support or affirm the resolution of tension between one's biological sex and one's experiential perception of gender by the adoption of a psychological identity discordant with one's birth sex. Similarly, we do not support or affirm attempts to change one's given biological birth sex via medical intervention in favor of the identity of the opposite sex or of an indeterminate identity. Although as a Christian residential institution of higher learning we will respect those whose moral views diverge from ours, we will make institutional decisions in light of this policy regarding housing, student admission and retention, employment hiring and retention, and other matters.

STANDARD OF SEXUAL CONDUCT

Hannibal-LaGrange University upholds the traditional biblical view that it is God's intent that heterosexual union (between a biological male and a biological female) is the only acceptable expression of sexuality and must be reserved for marriage. This expression of a self-giving love is viewed as a gift from God. All members of the University community should abstain from behavior which may lead to a violation of God's standards on sexual activities. Misuses of God's gift will be understood to include, but will not be limited to, sexual abuse, sexual harassment, sexual assault, homosexual actions, incest, adultery, fornication, and sex outside of marriage as defined by the State of Missouri is prohibited.

Hannibal-LaGrange University is committed to providing its faculty, staff, and students with an environment free from explicit and implicit coercive sexual behaviors used to control, influence, or affect the well-being of any member of the University community. A student who wishes to file a complaint may contact the Vice President for Student Life.

SEXUAL MISCONDUCT POLICY

In the event of a sexual assault, the victim should be aware of the following procedures:

1. Report the incident to the following:

- a. Hannibal Police Department; 777 Broadway, Hannibal, MO 573-221-0987

 8. The accuser and accused are entitled to the same opportunities to have others present during a disciplinary proceeding.

WEAPONS

Possession of a weapon whether open or concealed on campus or at a University-sponsored event are prohibited. Weapons are defined as any item used to intimidate, scare, or harm others. Possession of materials used to manufacture bombs or firearms are prohibited.

POLICY ON ALCOHOLIC BEVERAGES

As a Christian University supported by the Missouri Baptist Convention, HLGU takes the position of abstinence from the use of alcoholic beverages both on and off campus. The University alcohol policy prohibits consumption, possession, or illegal distribution of alcoholic beverages. Whether a student has violated this policy's prohibition against use of alcohol or illegal drugs may be determined by circumstantial evidence such as the aroma or smell of alcohol or drugs, either in the room or on the student's person, or conduct suggesting that the student is under the influence of such substances. In addition to being considered a violation of the standard of student conduct, Missouri state law prohibits any person less than twenty-one (21) years of age to possess and/or use alcoholic beverages.

Violation of this policy may result in any sanction deemed appropriate by the University, including, but not limited to, fines, required participation in a drug or alcohol treatment or rehabilitation program (at the student's expense), suspension, or expulsion. HLGU may refer any violation of the law to the proper law enforcement authorities.

If a student feels they have a drug or alcohol dependency they may seek help and direction from the residential life staff without fear of retribution. Alcohol and drug dependency do not give students an excuse to violate the University's alcohol and drug policy.

ILLEGAL DRUGS

The use of illegal drugs at Hannibal-LaGrange University will not be tolerated. The purchase or unlawful manufacture, use, possession, dispensing or distribution of illegal narcotics, hallucinogenic, amphetamines, sports enhancement or controlled substances (as defined by Missouri statutes) or controlled medications without a doctor's prescription or non-prescription hallucinatory drugs (e.g., K2 and Spice) or hosting gatherings where such substances are used, is prohibited on any property or in any facility owned or controlled by HLGU.

A drug screening analysis may occur when, at the University's discretion, there is reasonable suspicion that the University's policy on illegal drugs is or has been violated. Reasonable suspicion includes any act, factor or information which may be indicative of potential violation of the University's policy on illegal drugs, including, but not limited to:

- Reported information of violation of the University's policy on illegal drugs
- Unexplainable incoherent behavior
- Repeated tardiness or absenteeism from work

Disciplinary Policies

DISCIPLINARY HEARINGS

Level I & II Violations: The Director of Residential Life serves as the first level of appeal for Level I & II violations. The student who wishes to appeal a decision must notify the Director of Campus Life in writing within five days of the date of the imposed sanction(s). The letter must state that the student wishes to appeal and it must include the grounds on which the appeal is based. This letter must also be signed, dated, and hand delivered to the Office of Student Life. The Director of Campus Life will respond within three business days upon receipt of the appeal. The Director of Campus Life serves as the final appeal in major violations. The Vice President of Student Life serves as the first level of appeal for Level III & IV violations. The same process will apply as stated for Level I & II violations.

GROUND FOR APPEAL

General Policy: It is not the function of the appeals process to permit a rehearing of factual issues presented in the original hearing. The function of the appeals procedure is to regulate the procedural correctness and fairness of the judicial process. Disagreement with a decision or severity of sanction of a governing body is not grounds for an appeal. Appeals must be submitted no later than 7 business days (not including weekend or holiday hours) after the dissemination of the verdict of the original hearing. Thus, grounds for entertaining appeals are specifically limited to the following:

1. Irregularities in fairness that influenced the outcome of the original action. It is the burden of the party seeking relief to demonstrate that the original decision would more likely than not have been different had the irregularity or error not occurred.
2. Prejudice demonstrated against either respondent or plaintiff on the part of the Residential Life staff, student infractions peer committee, or discipline committee participating in the disciplinary action. This prejudice must be more than simple opposition to the appealing party's point of view. Evidence must show a significant conflict of interest, bias, pressure or influence that prevented a fair and objective hearing.
3. New and significant evidence discovered after the original hearing.

4. Disproportional sanction(s) extraordinary to the conducted violation. Requests for appeal will not be automatically granted and may be denied by the appeals board if one (or more) of the above conditions is not demonstrated.

Appeal Committee

1. This committee would include an Appeal Committee Chair. The committee chair will gather the appropriate committee members; at least 5 to 7 members total from different departments across campus.
 - a. In the event that one of these positions are connected to the original sanction, a substitution will be provided if necessary.
 - b. This committee is only reviewing the submitted evidence but has the right to interview all effective parties with approval and in the presence of the appropriate cabinet member.
2. The committee will review the evidence and make a recommendation to the Vice President of Student Life.
3. The Vice President of Student Life will make the final ruling
 - a. They will review the original evidence and sanction along with the Appeals Committee recommendation.
 - b. The Vice President of Student Life will make a final verdict and notify the Appeals Committee and all effective parties.
 - i. Written letter given to Appeals Committee
 - ii. Written letter given to effective parties in person.
 - c. No additional appeals will take place regarding the final verdict.

Procedure for Appeals

The Appeals Committee

Students can receive an Appeal Request Form from the Office of Student Life. Once the document has been completed, please submitted to the Office Manage of Student Life. Upon the receipt of an appeal request, the Appeal Committee Chair will form the Appeals Committee and the Vice President of Student Life that an appeal has been submitted. The Appeals Committee will have 2 weeks to reach a recommendation from the date of receiving the appeal request.

If the appeals committee is assembled the following procedure will be followed:

1. The committee with gather the existing evidence pertaining to the specific appeal.
2. The committee will review the evidence gathered.
3. The committee may request to interview all effective parties if further questioning is needed.
4. Discussion and decision by the committee is in closed session. (All effective parties may not be present.)
5. Notification of the committee's recommendation will be presented to the Vice President of Student Life.

General Information

STUDENT ACTIVITIES AND RECREATION

To encourage student interaction leadership and personal development, the University provides a number of student/campus activities. The mission and goal of Hannibal-LaGrange University Campus Activities is to *Create a lively campus atmosphere through educational and recreational experiences*. These events are valuable in serving to relay traditions to new students and in creating lasting memories of the college years.

Admission to University Activities

Students are admitted to most University activities, varsity athletic events and co-ed sports without charge on the presentation of a valid student I.D. Other University organizations may make nominal charges for University events they sponsor.

Scheduling Activities

All student campus activities must be scheduled through the Office of Student Activities. These activities should be scheduled ten (10) days in advance.

Each organization should schedule its activities as far in advance as possible. With the exception of certain activities that involve the entire student body or the schedules of groups outside the University, a first-come-first-served policy is followed.

Any change in date, time, or place of a scheduled activity must receive prior approval from the Office of Student Activities. When the cancellation of a scheduled event becomes necessary, a notice must be submitted to the Office of Student Activities. Another group may wish to utilize this date for its activity.

All student events and activities are under the supervision of the Director for Student Activities. Therefore, in order to prevent misunderstanding, it is best to consult the Director of Student Activities before making any commitments or definite arrangements. Off campus social events must be restricted to a distance that will allow resident students to return to their residences by regular curfew and must be approved by the Director of Student Activities.

Each University organization should present their proposed annual calendar of activities and their new slate of officers to the Office of Student Activities. Please contact the Office of Student Activities for more information at (573)629-3006.

MEMBERSHIP IN ORGANIZATIONS

Membership in all University organizations is limited to current HLGU students only. Students shall only belong to University organizations that have been approved through the Office of Student Activities and the administrative council. Membership in any secret organization may constitute a sufficient reason for disciplinary action. Please contact the Office of Student Activities for more information at (573)629-3006

HLGU STUDENT EMAIL

HLGU student email accounts are available for all enrolled students. These email accounts have single sign-in capability and may be accessed through the HLGU student portal. HLGU student email will be the official means of University communication effective August 31, 2010. University administrators will use this mode of communication to send important University enrollment and registration information, safety announcements, and campus calendared events to all enrolled students. Regulations regarding student email are covered in the computer use policy. Students are responsible for reading HLGU email regularly. For more information regarding HLGU student email accounts, contact the office of computer services.

STUDENT IDENTIFICATION CARD

During registration, students are issued an ID card that is valid for four years. This becomes their pass for admission to athletic events in the Mabee Sports Complex, the cafeteria, RFAC, game equipment in the student center. It will also grant them entry into their residence hall. Students are not allowed to use anyone else's card. If lost, stolen, or destroyed students must have a new one made at a cost of \$50, which is payable in the business office.

ACCESS TO CLOSED BUILDINGS

Campus Building hours can be found here ([link](#))

In the event that students need to be in buildings beyond the available hours and without a faculty/staff person present, the following steps need to be taken:

- Access is granted on a limited basis. Students must request permission from their respective department chair. Department chairs then submit a list of names to the Vice President for Student Life. If needed, an ad-hoc committee will decide if the student deserves, needs, and can handle extended hours. These names will be given to Public Safety and building monitors.

ACCESS TO CLOSED BUILDINGS CONTINUED

- Students need to be in the building and checked in with the building monitor (if the building has a monitor) before the building closes. No one other than Public Safety is to let students in once a building is locked.
- Students must have their ID on their person. Public Safety will check their ID against an approved list. Anyone in the building who is not on the list will be escorted out.
- A formal agreement (written statement) must be signed by those who have been granted special permission to be in a building after hours.
- A copy of the formal written agreement will be kept on file in the Public Safety Office.

STUDENTS WITH DISABILITIES

Unlike the secondary education process, post-secondary students with disabilities are responsible for self-disclosure and initiation of request for reasonable accommodations. Therefore, students must register their request with the institution's designated ADA coordinator, the associate dean of academic and career services. Once registered, students are not obligated to use approved accommodations.

Special accommodations, such as the scheduling of classes, request for assistive resources or support, or the arranging of housing in accessible facilities require advanced planning and adequate time to prepare. Therefore, it is imperative that students with disabilities, who have been accepted for admission, identify themselves at least two months prior to beginning their first semester at the University. Students are also responsible for informing the ADA coordinator of any accommodation changes. Approved accommodation requests must be current and are not retroactive.

Failure to disclose before admittance, does not forfeit a student's right to request accommodations at a later date. However, the University is not obligated to provide accommodations or services to students who do not disclose their disabilities.

Mental Health Policies

EMOTIONAL, BEHAVIORAL, AND PSYCHOLOGICAL CHALLENGES

Hannibal-LaGrange University is committed to assisting students with any and all disabilities, including those with mental health issues. HLGU is committed to a culture that welcomes those with mental health concerns and desires to work with them to be a successful student in the classroom and on campus. HLGU will make every reasonable concession as expected by the ADA (Americans with Disabilities Act) that both retains the integrity of our institution and gives a genuine opportunity for the attainment of a quality education for all students.

Any student that makes his/her disability known will be assisted in accordance to the mental health policy. Any student desiring to seek a professional evaluation, counseling, or treatment will be assisted to find such services. However, the University is not a professional mental health facility and has limited resources to assist students with serious emotional, behavioral or psychological problems. Students are responsible for following previous treatment and/or therapy prescribed/recommended by licensed mental health professionals and are financially responsible for all services.

Adherence to university policy and academic success is expected. Participation in mental health services may not be used as an excuse for violation of University policies.

Suicide Crisis Prevention

Ask, Listen, Refer – Individuals have access to the HLGU's Suicide Prevention Training Program. The program was designed to help faculty, staff, and students prevent suicide by teaching individuals to:

- Identify people at risk for suicide
- Recognize the risk factors, protective factors, and warning signs of suicide
- Respond to and get help for people at risk

This training program can be found at www.asklistenrefer.org/hlg. Showing an interest and helping others affirms their validity and worth. Often, listening and providing encouragement is exactly what is needed. When one senses that this is not enough, a referral to the Counseling Services is a viable option. Please see above Counseling Services information.

Emotional Support Animal Guidelines

Hannibal-LaGrange University seeks to provide for students with disabilities in accordance with pertinent federal and state laws, including Section 504 of the Rehabilitation Act of 1973 and anti-discrimination laws of the Department of Housing and Urban Development. This policy is designed to provide guidance regarding the use of service and support animals by enrolled students with disabilities on the University campus and other teaching sites. A disability-related need for a requested accommodation exists when there is an identifiable relationship between the requested accommodation and the individual's disability such that the requested accommodation will enhance the individual's quality of life by ameliorating the effects of his or her disability.

Hannibal-LaGrange University receives request for academic accommodation through the Academic and Career Services (ACS) Office. Accommodation applications are available online at <https://www.hlg.edu/wp-content/uploads/2021/08/Application-for-Accommodations.pdf> or in the ACS Office. Please contact the Director of Academic and Career Services for further information.

Teaching sites not controlled by the University (i.e. hospital or other clinical education sites, educational institutions for student teaching assignments, companies providing intern placements, etc.) may have their own policies and procedures that differ from HLGU's. Students are solely responsible for obtaining any approval required by these external sites.

Definitions:

The University, that is in accordance with the ADA, defines a service animal as a dog that has been individually trained to do work or perform tasks for the benefit of an individual with a disability. Other animals, whether domestic or wild, do not qualify as service animals. Examples of such work or tasks may include guiding a person with impaired vision, alerting a person with a hearing impairment, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with a mental illness to take prescribed medications, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and/or performing other duties. service animals are working animals, not pets. The work or task a service animal has been trained to provide must be directly related to the person's disability. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals.

Support animals (sometimes called therapy or emotional support animals) are animals recommended by a medical professional as a reasonable accommodation for a student with a documented disability. Support animals are not considered service animals under the ADA, even if prescribed by a physician or therapist. While they may be considered for access to University housing, support animals are generally not permitted in other areas of the University, such as the Library, academic and administrative buildings, classrooms, labs, athletic facilities, food service/dining areas, and student service facilities such as the student center.

A pet is an animal kept for ordinary use and companionship. A pet is not considered a service animal or a support animal. Pets are not covered under this policy. Hannibal LaGrange University will allow fish and turtles in residential housing in tanks that are under five gallons. No other pets will be allowed to live on, stay in, or visit residential housing or other University-controlled property without documented permission.

An approved animal is a service or support animal that has been granted as an accommodation by this policy. The owner is the student with a disability who has requested the accommodation and has received documented approval to bring the approved service or support animal onto campus.

Request for Accommodations:

Hannibal-LaGrange University receives Reasonable Accommodation Request Form for Emotional Support Animals and Service Animals for housing through the Student Life Department. Reasonable Accommodation Request Forms are available online or in the Student Life Office. All forms must be printed, signed, and completed. Please turn forms into the Student Life Office.

HLGU will keep record of all request(s) and will make a decision on the request. If the request is of a time-sensitive nature, please let appropriate departments know. In the event that additional information is needed to come to a decision, appropriate people will communicate the needed information. It is the University's policy to seek only the information necessary to verify whether the individual is a person with a disability and/or to evaluate if the reasonable accommodation is necessary to provide an equal opportunity to use and enjoy Hannibal-LaGrange University housing. If the University grants the request, the student will receive a letter so indicating a decision.

Hannibal-LaGrange University may deny the requested accommodation if providing it would impose an undue financial and administrative burden on HLGU or fundamentally alter the nature of the University's environment or imposes other individuals. If the request is denied, HLGU will provide a letter communicating an explanation for the denial. If HLGU believes that the requested accommodation poses an undue financial and administrative burden or a fundamental alteration to the nature of Hannibal-LaGrange University's operations, HLGU will schedule a meeting at a mutually convenient time to discuss possible alternative's accommodations that would not impose such a burden or result in a fundamental alteration. HLGU will not require students to accept an alternative accommodation if the student does not agree it meets their disability-related needs. HLGU recognizes that an individual with a disability is generally in the best position to know whether or not a particular accommodation will be effective in providing for their needs. If an agreement on an alternative accommodation is not reached, HLGU will provide a letter regarding the decision on the requested accommodation and a detailed explanation of our reasons for denial or decision to grant an alternative accommodation.

If an individual with a disability believes that the request has been unlawfully denied, they may file a complaint or appeal following the appeal process found in the Student Handbook with the Vice President of Student Life.

Emotional Support Animals

One common type of reasonable accommodation may be allowing a person with a documented disability to keep an emotional support animal in their college housing. HLGU defines in accordance with the ADA, support animal is any animal that works, provides assistance, performs tasks for the benefit of a person with a disability, or provides emotional support that alleviates one or more identified symptoms or effects of a person's disability. Hannibal-LaGrange University recognizes the importance of allowing support animals that are necessary to provide individuals with disabilities an equal opportunity to use and enjoy university housing. An emotional support animal does not need to be professionally trained, and is not limited to any specific type of animal. An assistance animal is restricted to the residence hall room of the individual, and may not accompany the resident to other areas of the college without permission, unless that animal qualifies as a service animal as defined by the Americans with Disabilities Act.

Request Procedure for Service Animals or Emotional Support Animals:

Although it is the policy of Hannibal-LaGrange University that individuals are generally prohibited from having animals in residence halls, HLGU will consider a request by an individual with a documented disability for a reasonable accommodation from this prohibition to allow an emotional support animal or service animal. However, no emotional support or service animal may be kept in university housing at any time prior to the individual receiving documented approval as a reasonable accommodation in accordance to this policy.

A student requesting permission to keep a Service or Support Animal in campus housing should complete the steps below at least **3 weeks** prior to the academic year or semester they begin attending HLGU. Students will need to provide annual documentation of disability. Approval of an Emotional Support Animal, and (separately) the particular animal requested by the student, are determined on a case-by-case basis. Students should allow a minimum of 3 weeks for the review process to be completed. Students must reapply each academic year to have an Emotional Support Animal in university housing.

1. The student must meet with the Accommodation Committee (Director of Academic and Career Services and Director of Residential Life) in person or by conference call to discuss the student's request to have an emotional support animal in university housing.
 - a. After the initial contact, if a student is not able to meet in person or by conference call, the Accommodation Committee will reach out to the student to choose a different meeting format.
2. The student should request permission to have an emotional support animal from the Accommodation Committee and provide current/annual documentation of the disability from a licensed physician, psychiatrist, psychologist, or other mental health professional. Documentation should include the following:
 - a. Verification of a disability that substantially limits a major life activity.
 - b. A description of why the animal is necessary for the student to use or enjoy the living arrangements provided by the university.
 - c. A description of an identifiable relationship or nexus between the disability and the support the animal provides.
3. Sign a release form that will be sent to your health professional allowing them to fill out the "Request for Information Re: Emotional Support Animal Form."
4. After steps 1, 2, 3 are completed, the Accommodation Committee will review the student's request.
 - a. The university, in consultation with the resident and other parties as appropriate, may consider the following criteria in determining whether the presence of the animal is reasonable in the making of housing assignments for individuals with emotional support animals:
 - i. Whether the individual or their family has owned the animal for a reasonable amount of time (preferably one year);
 - ii. Whether the animal poses or has posed in the past a direct threat to the individual or others;
 - iii. Whether the animal causes or has caused excessive damage to housing beyond reasonable wear and tear;
 - iv. Whether the size of the animal is too large for available assigned housing space (maximum adult weight of 39 pounds);
 - v. Whether the animal's presence would force another individual from individual housing (e.g. serious allergies);
 - vi. Whether the animal's presence otherwise violates individuals' right to peace and quiet enjoyment; and
 - vii. Whether the animal is housebroken or is unable to live with others in a reasonable manner.
 - b. If the request is **approved**:
 - i. The individual must provide written consent for Hannibal-LaGrange University to disclose information regarding the request for and presence of the ESA to those individuals who may be impacted by the presence of the animal including, but not limited to, residence hall personnel,

potential roommates, actual roommates, and neighbors. Such information shall be limited to information related to the animal and shall not include information related to the individual's disability. Hannibal-LaGrange University reserves the right to assign an individual with an assistance animal to a single room upon availability or a designated floor.

- ii. If a disability is confirmed and the need for a service animal or support animal is approved by the University, the student will be provided with a letter of approval from the Accommodation Committee. Students may find it helpful to have the letter available to demonstrate that the service animal is approved to enter non-residential facilities on campus (i.e. Library, Student Center).
 1. Service Animals are allowed in campus facilities
 2. Support Animals are only allowed in the students assigned university housing.
 - iii. If appropriate, the student's teachers will be notified that the student has been approved to have the animal present in the student's classes. If the student resides on campus, appropriate notice will be provided to the Director of Residential Life.
 - iv. Every student who brings a service or support animal onto campus must sign the Service and Support Animal Agreement. The student must also provide evidence to the office of Student Life that the animal is in good health and has been vaccinated against diseases common to that breed of animal as recommended by the American Veterinary Medical Association. Veterinary records attesting to that fact must be submitted to Accommodation Committee or his/her designee prior to the animal being on campus or other teaching sites.
 - v. If the service or support animal is approved by the Accommodation Committee the student must schedule a meeting with them to review pertinent campus rules related to the animal. This meeting must occur prior to the animal taking occupancy in order to review the agreement and expectations.
 1. For commuting students, prior to the beginning of classes in order to review the agreement and expectations.
 - vi. The residential student's roommate(s), suitemate(s), or those otherwise sharing the living space (if applicable) will be notified of the approval of the service or support animal by the Director of Residential Life or his/her designee. All roommates, suitemates, or others sharing living space are requested to sign an agreement acknowledging that the service or support animal will be in the residence with them. In the event that one or more of these persons does not consent, the office of Residential Life will reach a resolution of the matter through an interactive process with the appropriate participant.
 - vii. The student must provide contact information for an alternate caregiver who lives off campus and can care for the animal if the approved student is unable to do so (e.g., unexpected hospitalization).
 - viii. HLGU will assume no responsibility/liability for the care of a student's emotional support animal.
 1. Students are responsible for the care of their animals as outlined in the Responsibilities of Students Approved for Emotional Support and Service Animals section below.
 - ix. The student must notify the Accommodation Committee if the animal is no longer in university housing or if the student is requesting the approved animal be replaced by another Emotional Support or Service Animal.
- c. If the request is **denied**, the student may appeal the decision via the Vice President of Student Life.
