

Post-Graduation Education and Employment

As part of the graduation process, graduating students are asked to provide the institution information about their current employment status and future educational plans. This information is gathered through an online survey, called the Graduating Student Survey. In an effort to inform graduating students about the survey and its URL location information is sent out through Canvas to all students, and faculty also remind students of the survey. Graduating students can access the online survey at:

May 2025 Graduation Data
