

Program Outcomes for the HLGU Practical Nursing (PN) Program

Statement of Mission, Vision, and Core Values

Mission: Hannibal-LaGrange University transforms lives and communities through relevant education anchored in a Biblical worldview.

Vision: To impact eternity for Christ through higher education.

Core Values:

- Biblical Worldview
- Educational Relevance
- Community Mindset
- Transformational Leadership
- Generational Impact

The Practical Nursing program integrates the HLGU Mission, Vision, and Core Values, while requiring graduates to meet the following program outcomes.

Practical Nursing (PN) Program Outcomes

For the PN student, the following competencies are threaded – progressing from awareness, recognition, and beginning application (1st year/Term 1), to application and performance (1st year/Term 2). The competencies are guided by the curricular framework, the Missouri Scope of Practice for LPNs, and professional standards of practice for Licensed Practical Nurses.

Core Value: Educational Relevance

- Provide basic nursing care and ministry services promoting health and preventing disease.
- Address unmet healthcare needs, problems, obstacles, and challenges when providing basic nursing care and ministry services.
- Demonstrate proficiency in basic nursing knowledge, skills and abilities characteristic of a practical nurse.

Core Value: Transformational Leadership

- Using nursing standards as a basis for assuming practical nursing roles required in providing basic nursing care and ministry services.
- Collaborate with the interdisciplinary team in providing basic nursing care and ministry services.

Core Value: Community Mindset

- Collaborate with other communities of interest such as local and extended church organizations, healthcare organizations, and community support agencies, to provide basic nursing care and ministry services.

Core Value: Generational Impact

- Provide basic patient-centered nursing care and ministry services to humankind: Individuals, groups, families; the underserved, poor, and disadvantaged; Individuals across the lifespan; and diverse populations.

Core Value: Biblical Worldview

- Approach basic nursing care and ministry services from a biblically based, Christian worldview equipped to minister and serve as opportunities arise.
- Recognize individual and professional accountability to Christ, the public, the nursing profession, and healthcare employers for providing basic nursing care that is efficient, effective, equitable, patient-centered, timely, and safe.
